

2 WAYS TO PREVENT CHILDREN FROM VISITING URGENT CARE OR EMERGENCY ROOMS DUE TO MEDICATION ERROR, MEDICATION MISUSE, OR MEDICATION ABUSE

1. Use a Locked Medicine Box at Room Temperature And in a Refrigerator
2. Use a Medication Administration Packet that includes
 - Authorization to Give Medication;
 - Receiving Medication;
 - Medication Log;
 - Medication Incident Report; and
 - Preparing to Give Medication Checklist

For more information, see Caring for Our Children's *National Health and Safety Performance Standard 9.2.3.9: Written Policy on Use of Medications*; www.nrckids.org
